Podman Test Week: Help test the Rust-based conmon v3

Source: Fedora Magazine

> The Podman and Fedora Quality teams are organizing a test week from Monday, October 12, through Sunday, October 18, 2026. We want your help testing conmon v3, the Rust-based container monitor used with Podman. If you use Podman, try the same containers and commands with conmon v3 and report any diff...

Claude Code's "Don't Ask Again" Is a Security Nightmare..

Source: SavvyNik

> This week in cybersec & ai news has been wild and massive.. with Claude Code just accidentally exposing project keys and passwords into public Github repos. It feels like nothing is safe.. but hey they're at least showing us how insecure blindly trusting AI / LLMs is.. My Linux Bundle is here: htt...
