Linux

Kernel prepatch 7.3-rc4

Source: *LWN.net*

Linus Torvalds has released the 7.3-rc4 kernel prepatch. It is, unsurprisingly at this point, large: " We all know the drill by now: 'it's big, yadda yadda' ".

Linux News: Rust Takes Over Linux, 7.4 Speedups, Steam Frame, KDE & More

Source: *SavvyNik*

Big week for Linux as Rust continues to become a more widely used language in Linux and open source projects.. we also get a new 3D desktop with GNOME updates, KDE's Future updates, Big Wins when it comes to performance boosts.. and much much more.. Let's cover this weeks news in Linux and Open Sour...

ClickFix Lures Deploy ChainScript RAT Using Polygon to Rotate C2 Infrastructure

Source: *The Hacker News*

Threat actors are leveraging ClickFix-like lures to deliver a previously undocumented remote access trojan (RAT) called ChainScript. "ChainScript has appeared under multiple build names, including ComponentTask33, UpdateDigital, HostShared, and OrchidViolet66, while presenting itself as Spotify, Zoo...

Jade Sleet Linked to Indian IT Provider Breach With FLATROOF and ROOFDECK Backdoors

Source: *The Hacker News*

The North Korean threat actor known as Jade Sleet has been attributed to the compromise of an India-based "much smaller organization" in the information technology (IT) services industry, once again highlighting how the adversary continues to target developers to breach target networks. Cybersecurit...

Show HN: Mini-AGI - Dynamic continual learning model trained on 8GB VRAM

Source: Hacker News (Top 20)

Sorry for the pretentious name, I know, I know.. It just contains all the pieces I would like to see a AGI model to have, and I can't stand the temptation. Before throwing rocks at me, please take a glance at the Readme, and I hope it will cover your mood a little bit. So, first of all it does work...

Show HN: Radius - A Meetup.com Alternative

Source: *Hacker News (Top 20)*

Hello HN! I'm relaunching Radius [1] - far too long after the original Show HN [2] (I'll blame the day job for that). Radius started out from my frustration with not knowing what was going on around me. The initial plan was to "show all and every type of event" from big to small, but over time I nar...
